Fall Intensive

Sept - Nov 2022

Our training did not equip us for the current moment. To understand how to lead in this space, we must **dig into how God's story for the world works itself out in times of huge disruption.**

WHAT YOU WILL DO

In this **four session intensive**, you will be part of a group of leaders grounding themselves in God's story and begin to discover concrete steps you can take in your context.

1. Gather for four 90 minute sessions with experienced facilitators.
2. Receive resources to increase your understanding of the leadership implications of the **key questions**.

COME AWAY

with a deeper understanding of the key questions and how to engage them.

BE EQUIPPED
