

# NEIGHBOURHOOD PROJECT

SEPTEMBER 2022 - JUNE 2023

A movement of God is afoot that is about rediscovering the mission of God in our communities. There is no more business-as-usual for our churches. The Spirit of God is calling us to join Jesus in our neighbourhoods.

The **Neighbourhood Project** is the place for you as a leader to be equipped in forming a community of faith that is discerning God's presence and joining Jesus in the neighbourhood.

## WHAT YOU WILL DO

Over 10 months, you will receive teaching and engage in practices that equip you in forming communities of disciples that are joining with God in their neighbourhoods. This online cohort is divided into the following three phases:

### PHASE 1

#### Orientation (early Sept '22)

Get set for the journey, meet your cohort, meet facilitators and get ready to begin.

### PHASE 2

#### The Leaders Table (late Sept - early Dec '22)

Learn key leadership practices and form a team for your experiment.

### PHASE 3

#### Neighbourhood Action Teams (Jan - June '23)

Lead a local team in discerning and joining God at work in your neighbourhoods.

## FACILITATORS

The *Neighbourhood Project* will be led by facilitators **Dr. Alan Roxburgh**, **Dr. Cam Roxburgh** and **Dr. Karen Wilk**.

Join a cohort of up to 15 peers, led by experienced facilitators from *The Missional Network* and *Forge Canada*, to:

- 1 LEARN to discern God's activity in your neighbourhoods
- 2 EQUIP your people to join Jesus in your communities.
- 3 EXPLORE how to lead in disruptive times.
- 4 SHAPE congregation life from Sunday-centric to neighbourhood-rooted.

## WHO IS IT FOR?

*Neighbourhood Project* participants are church leaders who are responsible for discipling people in mission in the community. Previous cohort participants have included pastors, small group leaders, mission group leaders, community coordinator, denominational leaders and others. Participants have also come from a variety of mainline and evangelical traditions.

## PROJECT RHYTHMS

Joining the *Neighbourhood Project* will involve:

- 2 hours for monthly online **cohort gatherings** with peers and *Project* facilitators
- Access to one hour of monthly **coaching**
- Starting in *Phase 3*, 2-3 hours of monthly work with your **Neighbourhood Action Teams**
